The Stylish Alternative to Tiles.

## INTRODUCING ACRYLIC

The product at a glance

### 100% WATERPROOF

Our acrylic panels are 100% waterproof and have been designed to ensure a watertight finish.

### GLASS LIKE FINISH

Create the contemporary look of glass for a fraction of the cost with acrylic. Once the panels have been cut, the edges can be sanded and polished to give a full transparent appearance.

### MATERIAL

The unique high tech polymer acrylic panels are more scratch resistant compared to other acrylics or glass, giving you peace of mind and longevity.

### FINISHES

Our Acrylic decors are exclusively available in gloss.

### CLEAN AND CARE

Showerwall acrylic is chemical resistant; the grout free surface reduces hiding places for dirt and germs.

### EASY INSTALLATION

Showerwall acrylic is easy to handle, cut and install compared to large sheets of glass. There is also no need to worry about grout or accessories; panels are simply butted together using sealant.

### 10 YEAR GUARANTEE

When installed correctly, using the recommended fittings, our acrylic panels are guaranteed against manufacturing defects for 10 years from installation date. For further details, see inside back cover.

## INTRODUCING HPL

The product at a glance

### COST-EFFECTIVE

Compared to tiles, Showerwall is a fast and hassle-free installation which saves money on installation costs.

### SEAMLESS FEATURE WALLS

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. The lightweight panels are available in a range of sizes for maximum flexibility.

### EASY INSTALLATION

Showerwall can be fitted by anyone who is DIY competent. Simply cut the Showerwall panels to size and fix them to the wall or over existing tiles. A lot less mess and a much faster fit than tiles.

### FINISHES

#### Texture

A structured surface that emulates the feel of organic materials
