The background is a dense, repeating pattern of a terrazzo material. It consists of a light-colored, off-white or light grey matrix, which is filled with numerous small, irregularly shaped chips of various colors. These chips include shades of dark grey, light grey, beige, tan, and muted blue. The distribution of the chips is random and dense, creating a textured, speckled appearance. In the center of the image, there is a black-outlined rectangular box. Inside this box, the words "SHOWER" and "WALL" are stacked vertically in a bold, black, sans-serif, all-caps font. The text is centered within the box. The box itself is slightly offset from the center of the image, with more space to the right than to the left.

OUR HPL RANGES

Create stunning statement walls

HPL is inspired by stunning natural materials, perfect for creating characterful statement walls. Our HPL collection has a range of finishes to bring each individual decor to life, offering realistic textures and classic glossy finishes; bringing style to any bathroom.

FINISHES

Our decors come in a range of different finishes; from glass-like to authentic textures. For easy distinction, the finish of our decors is marked throughout the brochure with the following icons:

- | | | | |
|---|---|---|--|
|  | Gloss
A high shine finish creating a smooth, brilliant appearance |  | Texture
A structured surface that emulates the feel of organic materials |
|  | Matt
A soft to touch flat surface with low light reflectivity |  | Synchro
A unique textured finish that follows the form of real material |

A WATERPROOF PANELLING SYSTEM

The product at a glance.

COST-EFFECTIVE

Showerwall is a fast and hassle-free installation which saves money on installation costs compared to tiles.

CLEAN AND CARE

Showerwall has a solid, grout-free surface eliminating hiding places for mould, dirt or germs. A hygienic and wipe-clean solution.

SEAMLESS FEATURE WALLS

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. The lightweight panels are available in a range of sizes for maximum flexibility.

WATERPROOF SYSTEM

Showerwall is the ultimate in bathroom wall panelling. The system provides an impressive watertight finish that looks stunning and performs impeccably against the rigours of daily life.

EASY INSTALLATION

Showerwall can be fitted by anyone who is DIY competent. Simply cut the Showerwall panels to size and fix them to the wall or over existing tiles. A lot less mess and a much faster fit than tiles.

15 YEAR GUARANTEE

When installed correctly using the recommended accessories and fitting guide, Showerwall is guaranteed against manufacturing defects for 15 years from purchase date. For further details, see inside back cover.

INTRODUCING OUR HPL COLLECTIONS

PATTERN MATCH

As each decor is designed to replicate organic materials it is often not possible to achieve a repeat pattern between two panels, particularly for decors replicating marble or stone.

DISCLAIMER

Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors by design will vary to replicate natural stone variances. Decors such as Luna and Cracked Grey may have shade variance between individual panels. This is normal for these particular decors and not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase. We reserve the right to amend the specification of the products shown without prior notice. E&OE.

OUR ACRYLIC RANGES

Achieve stunning glass-like walls

4mm solid acrylic panels are rear printed to give a vibrant colour with a polished glass-like finish. Our Custom Collection uses the superior finish of acrylic to bring digital imagery to life; offering a truly bespoke design solution and the ultimate flexibility to create something unique.

FINISHES

Our Acrylic decors are marked throughout the brochure with the following icon:

Acrylic
Stunning glass-like walls

INTRODUCING ACRYLIC

The product at a glance

100% WATERPROOF

Our acrylic panels are 100% waterproof and have been designed to ensure a watertight finish.

CLEAN AND CARE

Showerwall acrylic is chemical resistant; the grout free surface reduces hiding places for dirt and germs.

GLASS LIKE FINISH

Create the contemporary look of glass for a fraction of the cost with acrylic. Once the panels have been cut, the edges can be sanded and polished to give a full transparent appearance.

EASY INSTALLATION

Showerwall acrylic is easy to handle, cut and install compared to large sheets of glass. There is also no need to worry about grout or accessories; panels are simply butted together using sealant.

MATERIAL

The unique high tech polymer acrylic panels are more scratch resistant compared to other acrylics or glass, giving you peace of mind and longevity.

10 YEAR GUARANTEE

When installed correctly, using the recommended fittings, our acrylic panels are guaranteed against manufacturing defects for 10 years from installation date. For further details, see inside back cover.

- 3

Waterproof System
Select the coordinating trims, Sureseal and accessories required.

1 | DECOR

Select your decor from our five collections, you have over 80 to choose from.

Marble | Quarry | Mineral | Acrylic | Custom

2 | PANEL DETAILS

Use the table below to choose your panel size(s), depending on the space available and type of product.

HPL

All decors from the Marble, Quarry and Mineral collections are manufactured from a moisture resistant MDF core and finished with a high pressure laminate (HPL), creating 10.5mm thick panels. These panels are available in 3 widths: 600mm, 900mm or 1200mm; and are 2440mm in height. Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims.

Panel Widths	600mm	900mm	1200mm
Square Cut	⋮	○	○
Proclick*	○	⋮	○

*Proclick panel widths quoted above are nominal, actual widths measure 579mm and 1179mm.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

Proclick Technology

Note: All panels are available with a plywood core on request, made to order. A minimum order quantity of 10 panels applies.

ACRYLIC

All decors from the Acrylic and Custom collections are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore it does not require any trims; panels are simply joined together using sealant. These square cut panels are available in 2 widths: 900mm or 1220mm; and are 2440mm in height.

Panel Widths	600mm	900mm	1200mm	1220mm
Acrylic & Custom	⋮	○	⋮	○

3 | WATERPROOF SYSTEM

Our system comes with two key components which ensure a watertight seal for our HPL product; available in a range of colours to suit every decor. Easy to install and maintain.

TRIMS

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

Internal corner
Used on all internal 90° corners.

Joining trim
Used to mount panels side by side.

External corner
Used on all external 90° corners.

End trims and Quadrant trims
Finishing end trims for square cut edge panels.

Five available trim colours:

Bright Silver

Satin Silver

White Gloss

Black Silk

Antique Gold*

*Quadrant trims are not available in this colour

*Trims are not required for Acrylic and Custom panels.

SURESEAL

At the base of the Showerwall HPL panel even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance free shower seal on the market with no future resealing required. Sureseal’s four point sealing system is quick and easy to install leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long and is quick and easy to install.

Seal one
Sealant between seal & tray.

Seal two
Panel encapsulated in sealant.

Seals three and four
Top & bottom seal.

Sureseal in situ
A watertight professional finish.

Our **Acrylic** decors are 100% waterproof and require no trims or Sureseal during installation. Simply adhere the panel to the wall and seal around the edges.

SEALANT & ADHESIVE

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of the product. Sealant is available in both a clear and white finish. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

Note: All dimensions quoted are nominal.

Sureseal front capping is available in three colours:

DECOR FINISHES

Showerwall panels come in one of five finishes;

Gloss
A high shine finish creating a smooth, brilliant appearance

Matt
A soft touch flat surface with low light reflectivity

Synchro
A unique textured finish that follows the form of real material

Texture
A structured surface that emulates the feel of organic materials

Acrylic
Achieve stunning gloss like walls with acrylic panels

INSTALLATION

Fitting our shower panels is easy and can be completed by anyone who is competent at DIY. Full installation instructions are provided with every pack and we highly recommend the Showerwall installation video accessible via YouTube and www.showerwall.co.uk

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant and adhesive, will invalidate your guarantee.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of the panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent panel damage.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 15 years (HPL), and 10 years (Acrylic), from the date of purchase. A copy of the Showerwall guarantees are available to download from www.showerwall.co.uk

Note your Showerwall panels carry a 10 or 15 year guarantee that is limited to domestic use against manufacturing defects, only when registered using the owner registration document contained within the product packaging. If the purchase of your panels is not registered within 28 days of the installation being completed then the guarantee is reduced to a 5 year term (HPL) or 2 year term (Acrylic).

Waterproof Panelling System

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall HPL panels must be fitted in accordance with the fitting instructions and **must** use Showerwall trims, sealant and adhesives to ensure the system is both waterproof and guaranteed.

European Standard Fire Rated

All Showerwall panels are classified EN 13501. In addition, selected decors are British Standard Fire Rated Class 2-BS 476 : Part 7 : 1997

A smart waterproof system combined with the character of organic materials; built to last and easy to install.

ENVIRONMENTAL RESPONSIBILITY

All Showerwall HPL panels are manufactured using an FSC® certified MR MDF core, guaranteeing that the timber used is harvested from responsibly managed forests. By purchasing a product with such certification, you are supporting sustainable forest management worldwide.

We are fully committed to going beyond existing regulations, to minimise any impact on our environment, protect people's health and safety, and make labour relations and social issues an integral part of everything we do.

Packaging is made from 100% recycled material
