Elegant solutions for *beautiful bathrooms*

Create beautiful spaces with Multipanel waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood offering a range of design possibilities to suit bathrooms of all shapes and sizes.

Hydrolock®, our unique tongue and groove installation system, makes it possible to join panels together without the need for profiles to create a smooth, almost seamless expanse of waterproof walls which will stay pristine for years to come.

Why Multipanel®

- Easy to keep clean
- Fully waterproof
- Quick and easy to install
- 30 year warranty
- Almost seamless joint with Hydrolock®
- Can be installed over old tiles

Visit our website www.multipanel.co.uk to plan your new bathroom and order samples.

Helping to protect our forests for the future

Quality, performance and environmental responsibility are values we strongly uphold to ensure our products meet the high standards we set, not only for our customers but for our environment too.

Our commitment to environmental responsibility is recognised through our Forest Stewardship Council® (FSC® C128180) and Programme for the Endorsement of Forest Certification (PEFC) chain of custody certifications. This ensures the timber we use originates from responsibly managed forests and our finished products comply with globally recognised ecological, social and economic standards.

These certifications and accreditations form part of a rolling programme of environmental and sustainability initiatives within our manufacturing processes and our design approach including:

- Reducing energy in transportation by sourcing materials made in the UK.
- Recycling 99% of post-production waste into biomass materials and other products - reducing landfill and contributing to the circular economy.
- Ensuring 100% of our panels are recyclable.
- Manufacturing in the UK to reduce our carbon footprint.
- Offering a 30-year warranty giving you peace of mind your bathroom will stand the test of time.

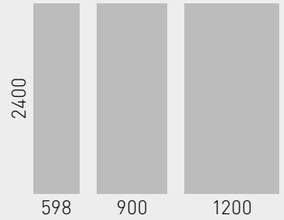
MADE IN BRITAIN

Hydrolock® for beautiful continuous walls

We created Hydrolock® to enhance the visual impact of our wall panels. Precisely engineered, the Hydrolock® edge allows panels to be joined together, without the use of mid-joints, to create a smooth, almost seamless expanse of waterproof walls.

With an industry leading 6mm tolerance Hydrolock® panels are easy to install and produce a great finish every time.



Hydrolock® panels are available in a range of widths for ease of installation;

2400 x 598 mm

2400 x 900 mm

2400 x 1200 mm

The Hydrolock® joint reduces the finished face by 18mm i.e. 2400mm x 1200mm becomes 2400 x 1182mm. Straight edge panels are also available.

Levanto Marble
The Tile Collection

NEW

The TILE *Collection*

Introducing the Tile Collection, the UK's first tile effect wall panel to be Made In Britain and Forest Stewardship Council® (FSC® C128180) certified.

The Tile Collection offers the visual aesthetics of traditional tiles, delivered with the outstanding performance of our panels. Comprising beautiful solid colours, stunning marbles and vibrant minerals, the Tile Collection presents a fresh, modern palette designed to complement a range of bathroom fixtures and fittings, from contemporary black to elegant chrome and stylish satin.

The Tile Collection brings an exciting new dimension to the Multipanel range and includes the same features and benefits of the Linda Barker, Neutrals and Classic Collections; fast, grout free installation with minimal maintenance. And for complete peace of mind is backed by our 30-year warranty.

Looks like tile, performs like a panel

- Easy to keep clean
- Fully waterproof
- Quick and easy to install
- 30 year warranty
- Almost seamless joint with Hydrolock®
- Can be installed over old tiles

Levanto Marble

The Tile Collection

The **TILE** *Collection*

If you love the appearance of traditional tiles but are tired of living with the maintenance of grout, the Multipanel Tile Collection is what you have been waiting for.

Using the very latest in manufacturing technology, we etch a beautiful 2.5mm pale grey grout line into our Tile Collection decors, creating a beautiful tile effect with laser precision. Easy installation is maintained and unlike traditional tiles where rigorous cleaning is required, these tile effect panels are simple to clean and easy to maintain.

Panels in the Tile Collection feature a 580mm x 400mm size tile, which has been designed to deliver maximum aesthetic impact across any bathroom size.

For a low maintenance, long lasting and beautiful tile effect bathroom, the solution is the new Multipanel Tile Collection.

Scan me

To view this collection online

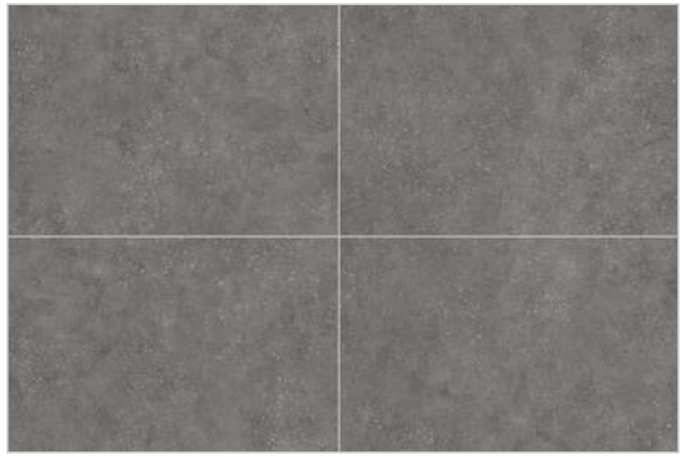
Marble

Levanto Marble - This beautiful white marble produces a depth and variation in shade that moves from grey to a hint of blush pink.

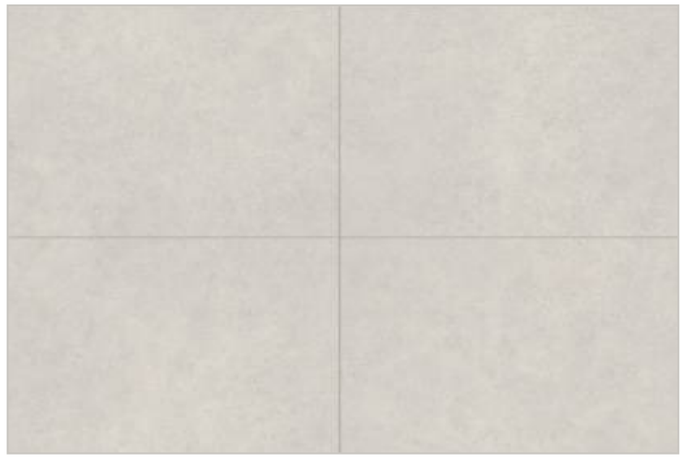
Valmasino Marble - This light grey marble decor has a beautiful variation in grey and white shades.

White Terrazzo - This stylish and on trend Terrazzo has a white base with pale grey variations. It works well on its own or paired with Dove Grey from our Neutrals Collection.

Mineral



Grey Mineral -The variation in this deep grey decor combines the characteristics of different materials; think concrete, granite and quartz.

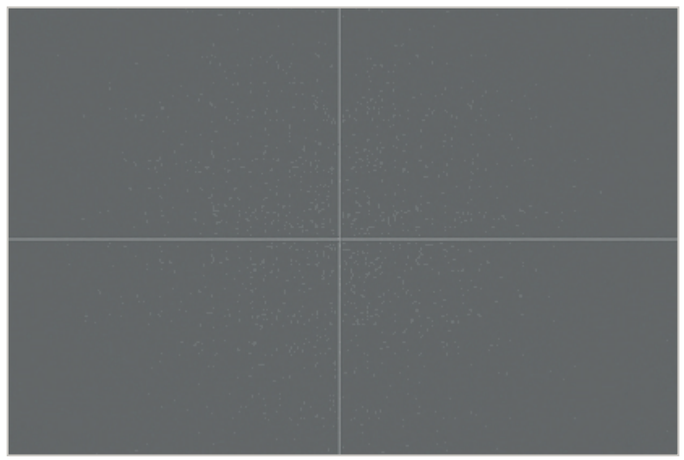


White Mineral - Like Grey Mineral, this pale white/grey decor combines the characteristics of different materials; think concrete, granite and quartz.

White Gypsum - This decor resembles concrete, supplemented by the colour white. The mineral plaster texture and the variation in pale shades make it perfect for full room application.

Colour

Dust Grey - A medium cool grey, this matt decor is a neutral colour which works beautifully on its own or paired with Alpine White.



Monument Grey - A bright grey, this matt decor has a blue undertone which works well on it's own or paired with Alpine White.

Alpine White - A fresh neutral white, this matt finish decor is perfect for a clean look and works beautifully paired with either Dust Grey or Monument Grey.

MT637

Grey Mineral
MT487

Colour
These solid, bold colours offer a strong neutral palette and work well on their own or when combined. The smooth matt finish is very on trend.

Dust Grey
MT732

Monument Grey
MT780

Alpine White
MT1100

Panels in the Tile Collection are 598mm wide and all feature our Hydrolock® edge. Please note that the Hydrolock® edge reduces the finished face of the panel by 18mm, i.e 2400mm x 598mm becomes 2400mm x 580mm. Tile size is 580mm x 400mm with a 2.5mm grout line.

The Neutrals Collection

The perfect partner to feature walls.

Balance the boldness of our feature wall panels with the subtlety of our Neutrals Collection. A delicate balance of neutral tones, this range is reminiscent of painted walls with a smooth eggshell finish and is designed to pair perfectly with our Tile, Linda Barker, and Classic Collections.

These shades would work equally well on their own for a minimalist, contemporary look.

- Easy to keep clean
- Fully waterproof
- Quick and easy to install
- 30 year warranty
- Almost seamless joint with Hydrolock®
- Can be installed over old tiles

Wall panel profiles

To finish off edges or to join panels in a corner, the appropriate profiles must be used. Use the table below to help you select the right profiles for your design.

Wall Panel Profiles	**Tile, Neutrals, Linda Barker and Classic** *Aluminium 11.5mm deep*
Internal Corner	Type A
External Corner	Type B
End Cap (L-Shaped)	Type C
Mid Joint	Type D Last Corner	Type Y Flush Corner For external or internal corners	Type 100
Base Profile	Type X
Quadrant End Cap	Type E 
Available Colours

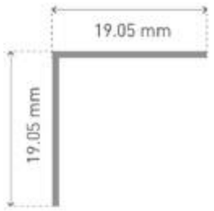
- Black
- White
- Satin
- Polished

Available Lengths

Profiles are supplied in 2450mm for all ranges.

Please note: *All 3D drawings are a generic representation of the profile type Dimensions specific to each range are shown on the line drawings.*

NEW Angle Profile

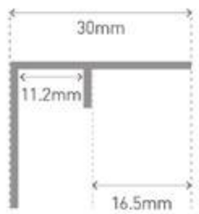


Our new Angle Profile is versatile and multi-purpose. It provides the perfect finishing touch to boxing in, window reveals, doorways and external corners.

The angle profile is installed after the panels, meaning a neat finish can be achieved in no time.

This new profile is available now and is supplied in white, black, satin and chrome.

NEW Invisible Corner — Type 101



Our new 'invisible' internal corner profile has a hidden edge for a completely profile free finish. Simply slot the panels into place and seal with your chosen Multipanel sealant colour. Perfect for straight walls the invisible corner is supplied in one finish as the profile is completely hidden from view, fitting perfectly into your room.

Multipanel High Grab Adhesive and Sealant

This high quality Multipanel High Grab Adhesive and Sealant is specifically developed for Multipanel panels and is available in 4 colours. Clear and white silicone sealant also available.

Multipanel High Grab Adhesive & Sealants

- **White** MPADHS
- **Cream** MPSILCR
- **Light Grey** MPSILLG
- **Dark Grey** MPSILDG

Multipanel Silicone Sealants

- **White** MPSILWH
- **Clear** MPSILCL

Bath and shower seal

The innovative and stylish two-part shower tray and bath sealing system from Multipanel comprises a PVC strip and a high performance white silicone. The 'movement joint' expands and contracts to offer a reliable bottom seal. Supplied in 1.85m lengths, 2 in a pack.

Now with a 30 Year Warranty

- All Multipanel collection products supplied from 1st July 2013 are CE marked.
- Declarations of all product performance are available at multipanel.co.uk.
- Installation guidelines and full details on each product warranty can be downloaded from multipanel.co.uk, or e-mailed on request.
- Multipanel High Grab Panel Adhesive/Sealant must be used and is available to order from your local distributor or showroom.
- Multipanel 30 year warranty* covers the unlikely failure of the product, and will be invalid if any published installation and care guidelines are deemed not to have been followed.

**Applies to all Multipanel wall panels. Full warranty details for all products are available at multipanel.co.uk*

Please note: *the images reproduced in this brochure are within the constraints of the printing process and are not to be used for colour matching purposes. Samples are available from your local showroom or online at multipanel.co.uk. The pattern on Multipanel Floors, [Click Tiles] varies between tiles to ensure the most realistic effect is created across the whole installation. Therefore a single sample may not represent the overall effect once the floor is laid.*

Why Multipanel

Style and design are key to creating the bathroom of your dreams. But there are a whole host of other added benefits you get when using Multipanel instead of tiles:

	Multipanel	Traditional Tiles
Fully waterproof	✓	✓
No grout required	✓	✗
Resistant to mould	✓	✗
Quick and easy installation	✓	✗
30 year warranty	✓	✗
Made from sustainable materials	✓	?
Made in UK	✓	?

What you'll need...

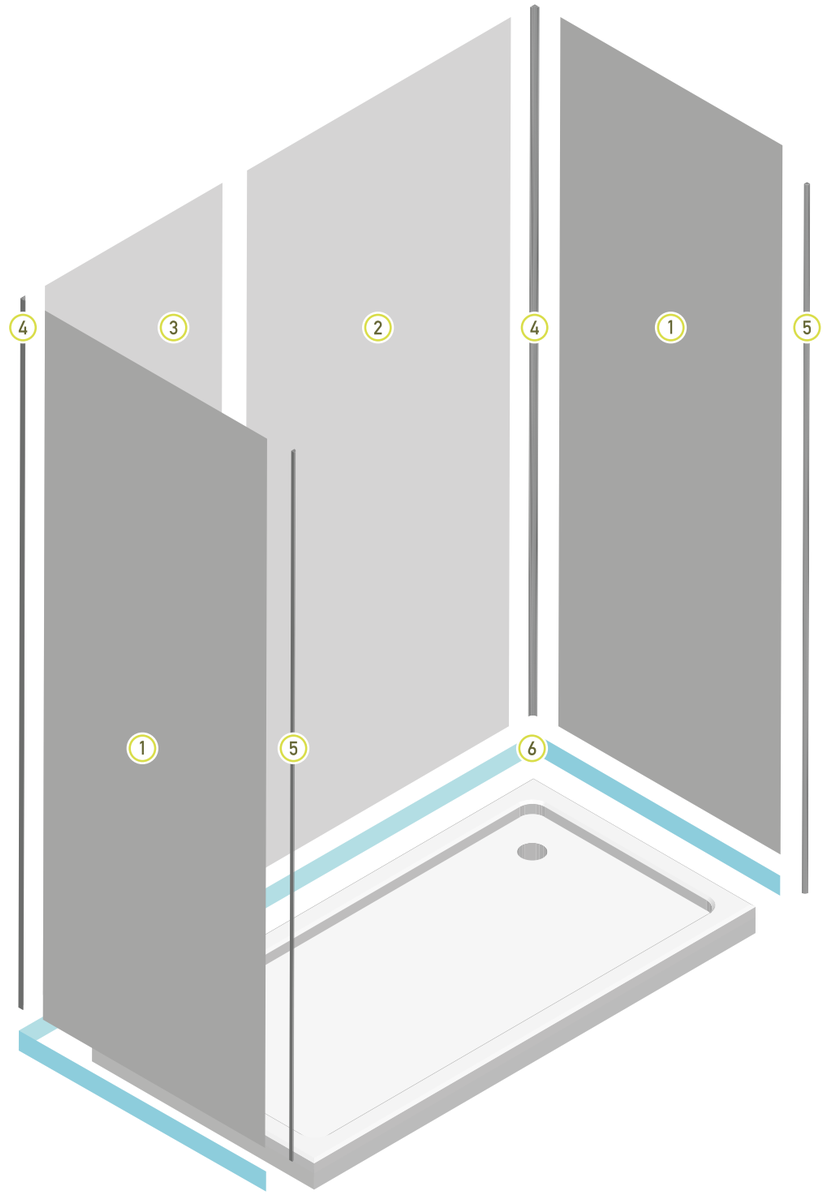
Multipanel has been designed with easy installation in mind. For the best result we recommend that panels are joined together using our unique Hydrolock® tongue and groove system. Panels using this system can be installed directly onto almost any surface, including uneven walls and over the top of old tiles. Multipanel High Grab Adhesive should be used for a safe and secure fit.

To join panels at a corner and to finish any exposed edges, the appropriate profile should be used. Panels must be completely silicone sealed at all edges using Multipanel sealant, whether they are being attached to profiles, shower enclosures or joined using the Hydrolock® system to ensure a 100% watertight result.

Installation tips...

- Panels should be installed on the top of shower trays or baths using a Multipanel seal kit.
- Match your profile colour to your shower enclosure and shower fittings.
- Seal your installation using one of our colour match sealants (see page 56).
- Carefully measure your area to select the right panel width, choose from 1200mm, 900mm and 598mm (remember, the Hydrolock® joint reduces the finished face by 20mm).
- Panel off cuts can be used behind sinks for a coordinated look. Just ensure you seal all exposed edges with profiles and silicone.

For information on how to install our products, please visit our website



The above illustration shows a typical installation of a 1800mm x 900mm shower enclosure

1. 2400 X 900mm Square edge panel x 2
